S.No	Item	Details to be provided
1.1	Name of the Institution	N S RAJU INSTITUTE OF ENGINEERING & TECHNOLOGY
1.2	Category & Type	SELF FINANCE & PRIVATE INSTITUTE
1.3	Year of Establishment	2008
1.4	Institutional Address	DAKAMARRI (V), BHEEMUNIPATNAM (M), VISAKHAPATNAM-531162
1.5	Official website/URL	www.nsriet.edu.in
1.6	Contact Details	63038 55066
1.7	Head of Institution	Dr. M A KHADAR BABA
1.8	Statutory Affiliations & Recognitions	JNTUGV & AICTE
1.9	Vision, Mission & Core Values	Vision: To be premier institution ensuring Globally competent and ethically strong professionals. Mission: 1. To provide higher education by refining the traditional methods of teaching to make globally competent professionals. 2. To provide quality education by providing the state-of-the-art infrastructure and innovative research facilities. 3. To practice and promote high standards of professional ethics, transparency and accountability

		Core Values: i) Social Justice ii) Equity iii) Innovation iv) Creativity v) Entrepreneurial Approach vi) Socio Economic Values vii) Culture viii) Environmental Consciousness ix) State-of the-art Technology x) Quality

Recruitment Policy

Objective: Effectiveness and efficiency of an institute is subjected to the competence and quality of its human resources. The objective of this policy is to implement a streamlined recruitment process in identifying and hiring qualified and best candidates for all the given positions as per the AICTE norms.

Policy and Procedure: The recruitment policy is designed to ensure qualified candidates are hired for all the positions. Every year, in the first week of April/Whenever the staff requirement arises, the same will be informed by HODs to the Principal which in turn will be submitted to the Management. After taking the approval of Management, selection committee will be constituted with two internal experts and one/two external experts drawn from university/reputed institutes along with Principal. Advertisement, based on the requirement will be released to print and electronic media for direct recruitment. Applications received will be scrutinized and shortlisted as per the norms laid down by statutory bodies. Candidates will be called for personal interview on the specified dates in the last week of April/first week of May, July last week/August first week, October last week/November last week, Jan last week /first week of February i.e. four times in a year to meet the continuous requirement of faculty.

Selection committee will test the candidates for their suitability and shortlist the probable candidates and submit the final list to the Principal. Subsequently, Principal will submit the final list to the management for approval. Selected candidates will be informed by the office that they are selected and they will be invited to join the college. The interested faculty will report to the college for joining and on the date of joining, their appointment order is issued to them. This completes the recruitment process.

Qualifications, experience and pay package will be implemented as per AICTE norms.

Pay package details will not be provided to potential candidates either via email or on paper, before the day of joining. This is to prevent the potential employee using the offer to negotiate other offers elsewhere as bargaining chips.

Visiting Faculty: Experts from industry are to be recruited on temporary basis as visiting faculty. There shall be a minimum of 50 contact hours for visiting faculty. The visiting faculty shall be provided with second A.C travel fare and in-house accommodation in the campus. The visiting faculty are eligible for honorarium as per the applicable rules.

Dress code for the employees: All the regular employees should follow the dress code based on the designation.

For Faculty: Male - Formal Dress with shirt-in and shoes, clean shave with ID card. Female

- Formal saree with ID card.

For Technical and Non-Teaching staff: The Technical and Non-Teaching staff members are assigned with different uniforms and they have to attend the duties in uniform only. If uniform is not specified to them then they have to attend the duties in formal dress.

Working hours: The working hours for all the employees are specified as given below:

For Faculty members and Technical Staff : 9.00 AM to 4.20 PM

For Administrative Staff

: 8.30 AM to 5.00 PM

All the faculty members and persons in administrative positions may have to stay back in the college beyond the specified time to complete the assigned tasks and/or when the situation demands. Staff members should reach the college and affix their thumb impression prior to and after the schedule timings.

Induction Policy

Objective: To facilitate smooth assimilation of new employees into the institute and help them to understand the institution as a whole, develop a sense of belonging, getting to know one's extended colleagues, make them familiar with all aspects of their job, their responsibilities, setting clear their expectations, familiarizing them to the available resources and applicable policies, procedures, and traditions of the institute.

Policy and Procedure: Induction policy is applicable to all the new recruits of the institute and new employee will be inducted in the college as a regular employee. The orientation programme will be conducted by the Head of the department concerned.

Research, Innovations, and Extension

Research & Development cell at NSRIET shall strive to be known for its applied research catering to the societal and technological needs of mankind. It would strive to provide State of the art infrastructure supporting young scholars in research and development activities. Apart from required facilities for conducting regular experiments, addition research-based equipment/software are also provided in the departments as well as in Makers Space and Design Space for inter-disciplinary research.

Aim

- To create research awareness among the faculty and students
- To enhance team work between researchers for interdisciplinary research
- To establish links with different Industries, R&D organizations, which provide funding for research activities
- To involve every faculty member in R&D activities, which lead to Ph.D. degree and research proposal writing.

- To enhance the research awareness by conducting various national level and international level workshops and conferences and guest lectures.
- To establish the fruitful collaboration and interaction with researchers working on interdisciplinary research

Objective

The Research Promotion Scheme of NSRIET aims to nurture research culture in the institute by promoting research in newly emerging and challenging areas of science and engineering. It encourages the Undergraduate and Post graduate candidates to undertake the research in newly emerging frontier areas of science and engineering including multidisciplinary fields. This enhances the general research capability of budding technocrats by way of participating in conferences, seminars, workshops, project competition, etc.

Code of Conduct for Research

The foremost objectives of the Research Policy are as follows:

1. To strengthen the institutional capability for planned, technical, budgeting and control of all research activities of the college.
2. To build up required awareness regarding research in the faculty and students of NSRIT to create research eco-system.
3. To establish Research Centers in different disciplines as well as interdisciplinary Research Centre with importance on the recent advancements in the field of science and technology.
4. To persuade faculty and students to publish research papers and begin various research activities of academic significance.

Research Policy

The NSRIT College defined a clear research policy and act as a structured guidelines for the faculty and students.

1. To conduct original research in the field of science and technology.
2. To be acquainted with the thrusting areas of research and give confidence to the faculty members to commence research in these domains.
3. To set up research collaboration with govt/private partner and academic organizations like DRDO, ISRO and CSIR to recognize probable area of research, surveys and other research enquiry.

4. To persuade faculty to obtain research projects from agencies like AICTE, DST, SERB, DBT ICSSR, UGC and other such institutions.
5. To recognize faculty members for leadership in the field of research and support them to undertake research projects and other research assignments.
6. To support funding for research activities and provide a suitable stage to the researchers to publish their original research and motivate them to find technical solutions to the problem of society.
7. To organize various conferences, workshops seminars and guest lecturer to develop right research skills among the faculty members and students.
8. To set up the required research facility and resources in the NSRIT College for the researchers.
9. To promote interdisciplinary research connecting more than one area of research.
10. To start all other such activities which will initiate research culture in the college and facilitate in creation of good research eco-system.

Code of Conduct for Research

1. Do not fabricate mislead or plagiarize and obtain all relevant licenses or protocols where necessary with honesty.
2. To follow the proper research methodology with proper transparency.
3. Treat associated researchers with due respect and provide references as per requirement and don't forget to cite the work done by other researchers.

Introduction:

We have designed E-Governance policy, with the primary objective of implementing E-governance in various interactions and services of the institution, This policy will help in achieving efficiency in all the various operations of the instructions about Administration, finance & accounting, Admissions, Teaching & Learning (Academic), Examinations, and Library, etc.

To have integrated user-friendly Enterprise Resources planning (ERP) solutions to automate various modules of Institutional functioning, adequate training to all the staff for effective use is also planned. By the direction of the Institution Governing Body, suitable ERP has to be deployed of the institution to get the optimal benefits from the software and connect with stakeholders.

The website is put to full use a vital information source to all the stakeholders and all important communications/circulars notices are made available on website to ensure reaching of information to the needy any time anywhere. The access has been given to various stakeholders to maximize the use to stay connected with parents, students, and staff to intimate absentees, academic performance, holidays, and other required information.

Objectives:

1. Implementation of E-governance in various functions of the Institution
2. Achieving efficiency in the functioning
3. Promoting efficiency in the functioning
4. Achieving paperless administration of the Institution
5. Facilitating online internal and external communication between various entities of the Institution
6. Providing easy access to information

Implementation:

The policy is broadly divided into the following modules.

1. **Administration:** To provide a hassle-free convenient maximum of the administration of the Institution should be handled with technology within the support of ECAP (Engineering College Automation Package). Facilities should be provided for online leave management of employees, management of the departments, etc. parents & Students also must be able to obtain maximum services like, details of their ward's attendance mode through ECAP.

2. **Finance & Accounts:** For ease of maintaining accounts, the Institution has to use ERP Software (ECAP) to monitor financial activates. Appropriate security measures should be taken for maintaining confidentiality of the transactions, This module should include the facilities like tuition fee, hostel fee, transport fee etc., For this, payment gateways to be explored and ensured to be integrated in ERP. I t should be update in future also with all payment gateways introduced, if any.
3. **Student Admission & Support :** To extend the student support the Institution needs to maintain additional information like- Student personal information, parent / Guardian details, Academic record, Counseling information in ECAP.
4. **Examination :** A suitable software should be used (BeeS) for uploading of marks, examination fee & issue of certificate etc., has to be done in online manner. Utmost secrecy and confidentiality need to be maintained while handling examinations and work needs to be done utmost care and caution. Examination controller needs to supervise the Entire process of examination as per the standard operating procedure in force, and it must be updated time to time based on technology update.
5. **Library :** To be one of the best libraries in the country. To continue with this legacy, we need to add more and more e-learning resources for the benefit of the teachers and students. Similarly newer e-learning resources journals, databases etc. Should be identified and subscribed taking into account the recommendations of the library committee. Recommendations of the teachers and students also need to take into account while subscribing to these resources. Appropriate training to the staff and the students for using the e-learning resources should be proverb. This is should be integrated with ERP. The collede must be a member of DELNET, e-shodh Sindhu, Inflibnet, N-List and all e-books/e-journals must be made available to the Faculty/Students
6. **Teaching-Learning Process:** An appropriate Learning management System likeCANVAS Should be used to provide the student the e-course files to enable them to learn at their convenient time at their own phase.

Maintenance of Academic and Physical Facilities Policy

Objective:

- To maintain Academic and Physical Facilities

Scope :

The institute has implemented a policy to maintain academic and physical facilities that covers buildings, laboratory equipment, lifts, fire extinguishers, generator, UPS, air conditioners, water coolers, photocopy machines, computer systems and surveillance systems.

Implementation – Standard operating procedure:

As per the policy, the following procedure is to be adopted for maintenance by the institute for maintenance of the infrastructure and other facilities in the campus.

- Buildings, classrooms and wash rooms are to be cleaned on a daily basis.
- Maintenance of facilities like lift, fire extinguishers, generator, UPS, air-conditioners, water coolers, photocopy machines, transport facilities and surveillance systems is to be done as per their scheduled maintenance time lines.
- Maintenance of lab equipment, computer systems is to be done during the semester gap.
-
- Repairs & infrastructure Maintenance Based on the request from the respective HODs (Academic and Non-Academic) to the Principal, the complaints or problems are resolved within the stipulated time and signature of the concerned is also taken once the issue is resolved.
- All the basic components needed for the repair and maintenance are maintained with an inventory and in case of rarely used items, it is procured based on the requirement and nature of complaints.
- IT-support team takes care of service and maintenance of all the computers, Wi-Fi modules, LAN/Wi-Fi connectivity, Servers etc. on the campus.
- Firmware upgradation for network equipment like access points, switches are carried out on need basis.
- Building supervisors should take care of maintenance related to buildings, classrooms and water plant.
- Lab technicians should maintain the lab equipment.
- Chief librarian should take care of library maintenance.

- Network administrator should maintain computer systems, software licenses and LAN.
- Horticulturalist should take care of gardening.
- Transport officer should take care of maintenance of transport facilities.
- Physical Education Director should ensure maintenance of sports facilities.
- Interim maintenance for all academic and physical facilities is to be performed as and when Required.
- All the academic facilities are made available for the effective utilization of students and staff.
- During the summer and semester break, all the major maintenance works that are notified by the respective departments will be taken up and executed to ensure seamless academic operations. Periodic maintenance is being also in place for essential items on need basis.

Grievance Redressal Cell (GRC)

The Grievance Redressal Cell is established to develop a responsive and accountable attitude among all the stakeholders to maintain a harmonious educational atmosphere in the institution.

Functions of members:

1. To ensure that no act of incident as mentioned here in and reported is ignored.
2. Must go the roots of the harassment faced by stakeholders and sort out the matter harmoniously.
3. To ensure that the stakeholders must feel free to discuss such issues and rest assured that the members shall be by them to tackle issues.

The GRC constituted the following members.

Best Practices

1 Proctorial System

Title of the practice: Proctorial System

The institute has a structured procedure in proctorial system. The students admitted to the institution will be allotted a section based on their department. Mentors are allocated to a group of students. Each mentor has a tutor card which contains the information on personal and academic record. This information helps the mentors to assess the students as slow or fast learner. Periodically parent teacher meeting is conducted by the mentors to brief the progress of the students. The interaction is on a regular basis and communication occurs through digital media.

Objectives of the practice: The proctorial system benefits faculty and students in better understanding either personal or academic issues.

The main objectives are

- To inspire a healthy relationship between the teacher and student.
- To support students in their academic and personal development to attain the aspiration.
- To observe the overall progress of the pupils during their education period in the department.
- To identify the career paths of the students and guide them in placement perceptive, also to promote self-determination, decision – making process and critical thinking
- To motivate students to develop leadership qualities and communication skills to attain heights in their life.

Best Practice 2: Campus to Community (C2C)

Societal Care promotes social welfare and brings in ethnic changes in the society. It Instils the highest humanistic value that promotes social justice and community welfare. The main objective of this programme is to develop the faith in national integration, leadership qualities, and democratic attitude, social and civic responsibility and to build the capacity to meet emergencies and national disasters among the students. The student volunteers are deeply involved in serving the community by educating rural masses on public health and pollution, traffic regulation and by bringing about an awareness of social issues which are crucial to the well-being of the society.

Objectives of the Practice

- To create ample opportunities for students to translate learning into service C2C - Campus to Community
- To contribute to the nation's development through effective sharing of knowledge Promote harmony, develop tolerance, and inculcate values in young minds
- To extend educational facility to students from rural areas and all walks of life, develop understanding about the community in which they live.
- To organize regular and special camps related to health, literacy, environment, personality development etc., and identify needs and problems of the community and involve them in problem solving.
- To develop a sense of civic responsibility and leadership quality among the students
- To provide holistic education and mould students to become socially responsible citizens
